**Carbeile School Naomi Lee.** Naomi kindly agreed to attend our meeting to talk about Links between pupils at Carbeile school and Benodet Schools. Naomi is a year 5 teacher and has been given the roll of coordinator of religious education and French for all the school age range of 7-11. She has found it difficult to make French interesting for the children. Before Christmas the children looked at French customs of children leaving shoes for Saint Nicholas which were filled with sweets. They also held a Christmas market, where the children could sell the items they had made speaking in French. Some children were really worried about this, It wasn't meant to be serious just fun. The market was successful and some Twinning members attended, Naomi invited members to attend and take part with the children in the future. The after school club has 6 enthusiastic members. French is also taught weekly via the Rising Stars Programme which is a fun way to learn. The children have learnt Silent Night in French and sent a video to Sylvie at the school in Benodet, by return they received a photo of the French children, they have also received a video from Benodet where the children all give their names. They hope to continue the link sending some more gifts in the future. The teacher of year 3 children has also suggested she could get involved and look at the comparison of Benodet and Torpoint from a geographical point of view. Naomi is very open for help and ideas and games she can play with the children. Members are invited to attend the school French club, it is hoped to be a lunchtime club after half term. Naomi will notify us of dates and times.

**Election of Management Committee.** Apart from Chris Martin the following members are willing to stand again, Phil Powell, Cynthia Bond, Linda Myles. A nomination received from
